

Constitutional Convention

Proposed Resolution

Whereas: There has become a glaringly apparent wide chasm between elected officials and “We The Members”, and...

Whereas: This chasm has sometimes resulted in the feeling of superiority over “Us The Members”, and...

Whereas: Sometimes this feeling of “superiority” over “We The Members” has apparently affected the elected officials ability to represent us in the best possible way, and...

Whereas: There have been numerous reports of elected UAW elected officials actually turning in members to management for the purpose of being disciplined, and...

Whereas: Some members have even reported that their United States Constitutional first amendment “protected activity” rights have been threatened by elected UAW officials, and...

Whereas: The tyranny, terrorism and union initiated discipline directed toward any member who even attempts to stand up against this injustice is hardly “becoming of a UAW elected official”, and...

Whereas: It has been well known throughout millenniums of years that “money is the root of all evil”, and...

Whereas: It is the law of the land that each Congressperson in the in the United States Congress and even the President of this United States has to make “full disclosure” of all of their income and where they made it, and...

Whereas: UAW elected officials are not any better than Congress or the President of this United States, and...

Whereas: In the past, “We The Members” were able to have a check and balance on how many hours an UAW elected official was being paid, by simply going to the time card rack, and checking the time stamps on their time card, and...

Whereas: Currently UAW elected officials in the plant/workplace have no public time card to facilitate “We The Members” having a check and balance in place, and...

Whereas: There are plenty of checks and balances on what is paid by the Union to elected UAW officials, there is not now full disclosure of Management’s pay to our duly elected UAW officials, and...

Whereas: Full disclosure is always the best policy, and seems to be working for Congress and the President, and...

Whereas: Full disclosure will likely curtail UAW elected officials from turning “We The Members” into management for the purposes of discipline.

Therefore Be It Resolved that: No accusations are being made, and...

Be It Further Resolved That: Full disclosure is a good and healthy policy, and...

Be It Further Resolved That: There needs to be an end of the Tyranny, Terror and Management Discipline sometimes initiated by – unscrupulous – UAW Elected Officials, sometimes beholdng to management for elevated wages and longer hours, toward “We The Members” in the workplaces, starting with this oversight and...

Be It Finally Resolved That: From this point forward that all duly elected and appointed local union officers that are typically paid by management for their time, be required to disclose how many hours, the hourly rate and total monies they were paid by management on a weekly basis. That this be published in “list form” weekly conspicuously at the Union Hall, on the in-plant/worksite Union Bulletin Board or on appropriately private (log-in required) Local Union Website.
